

Self-Assessment Test

Can Artists be the catalysts of a green change?
Superheroes of the world.

GreenCCircle Academy provides comprehensive skills to drive change within their organizations and across the arts and culture industry.

At GreenCCircle Academy, you will develop your skills in the following topics:

- Green CCI Substance Skills: Understanding sustainability principles, heritage appreciation, and environmental impact assessment.
- Business Skills: Developing sustainable business models, project management, and knowledge of environmental law.
- Strategic & Leadership Skills: Designing sustainable plans, fostering collaboration, and leading the Green Transition.

Study the content at your own pace in the open learning environment: open-learn.xamk.fi. Join the GreenCCircle Academy and become a catalyst for sustainable change in the arts and culture!

Want to learn more about the circular economy and sustainable development and how to be the catalyst for the green change?

On the next page, test your skills in the above topics from the perspective of green change in the creative industries and recognise where you need to develop further.

Guidance: Rate your current level of knowledge, skills and expertise on a scale of 1-3 for each statement.

- 1 – I do not feel competent.
- 2 – I understand something about the topic.
- 3 – I know the subject very well.

Calculate the points for each section separately. After calculating the score, read more instructions below.
