

Welcome to join Environmental Engineering EEMI22SP orientation days starting from 22.8.2022!

Microsoft Teams is used as web meeting application. For an online meeting, you need a computer, headphones, and a microphone.
Please make sure also the camera works.

Instructions for an online Teams-meeting:

- You can access the online meeting from the link in the right-hand column.
- Log in to Teams about 10 minutes in advance.
- Teams is part of the Office365 service, which you get after you apply for Xamk domains. **Download the Teams application to your computer before the start of the orientation week.**
- The microphone is turned on and off at the microphone icon in the top bar. At other times, you may want to turn off the microphone.
- It is recommended to use headphones for better reception.

For more information on how to use the applications in the new student information package.
