## Exchange

**Study in Finland!** Apply for an exchange to South-Eastern Finland University of Applied Sciences. We offer studies in English in many different study fields.

International study PISA is a proof of education being at high level in Finland. This has aroused interest among foreigners in the Finnish education system. In our university we pay

a lot of attention to quality issues by continuous development of the quality system.

Our unique nature and four seasons are other good reasons to come for an exchange to Finland. You can experience snow and northern lights as well as the midnight sun and warm summer days all in one place.

## Double degree studies

**Double degree programmes** are based on agreements between South-Eastern Finland UAS (Xamk) and its international partner institutions. The programmes are intended for students in our partner institutions who

wish to obtain a double degree. Many of the programmes are part of the full-time degree programmes at Xamk.
