DOUBLE DEGREE PROGRAMME IN TOURISM AND SERVICE BUSINESS

Double your degree! By extending your studies abroad at Xamk, you gain important experience, but also a second diploma valuable in the work market.

The Programme in Tourism and Service Business has a profile of producing customer-oriented tourism services and restaurant and catering services. The curriculum also emphasizes sustainability, wellbeing and the use of technology in the field of hospitality.

The programme gives the competence to work in product and service design, marketing and management positions as well as in applied research in service business enterprises.

Obtained degree:

Bachelor of Hospitality Management

Extent of degree: 60/210 ECTS credits

Duration of studies: 1 year

Language of instruction: English

Possible working tasks

- Service business development
- Marketing and sales in service enterprises
- Hospitality management

You study at South-Eastern Finland University of Applied Sciences, Mikkeli campus, for two semesters (September–May). You complete the compulsory professional studies (at least 40 ECTS credits), practical training (5 ECTS credits) and a bachelor degree thesis (15 ECTS credits).

You should have at least two years' studies (150 ECTS credits total) completed in your home institution including at least 30 ECTS credits of compulsory professional studies. Practical training of 25 ECTS credits can be completed before or after the exchange period. A personal study plan is prepared when starting the studies.

After successfully completed studies at Xamk and the possible practical training this program awards you a degree of Bachelor of Hospitality Management.

There is a tuition fee with a scholarship scheme for students outside the EU/EEA countries. The fee is eur 3 000 for one academic year. The student can apply for the scholarship after completing 55 ECTS credits during the academic year.

See www.xamk.fi/tuition-fees for more information.
